Chief Minister has agreed and urban Development Department has decided, of creating a portal and implementing Building Plan Management System (BPMS) with a vision of standardizing various building permission processes at Municipal Councils across Maharashtra.

### **BPMS - Maharashtra**

Construction Management will from the beginning be understood as a tool for converting the intentions of the designer into a materialised continuum perceptible via the senses. For this reason the imparting of purely theoretical knowledge will be kept to the absolute minimum required for understanding building construction whereas structural solutions will primarily be elaborated from the practical point of view.
