It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about it, but it's not immediately obvious.

Contrast Alarm System Manual D12516

It's time for a new approach to application security testing. After waiting days or weeks for a manual code review or static test scan, developers must go back and rid their code of security flaws. Contrast helps developers discover and fix vulnerabilities during development when the code is still top of mind, and more cost-effective to fix.
