(PDF) CORPORATE GOVERNANCE AND AGENCY THEORY: MEGACABLE CASE
Stakeholder management and corporate governance. Stakeholder management contributes to corporate governance by helping to handle the multiple and often conflicting stakes held by the complex networks of groups that surround any company. The interactions, coalitions, behaviours, roles, resources, and preferences within and across the various groups composing these networks are highly dynamic.

Stakeholder management and corporate governance - Britannica
In simple terms, Governance means "the process of decision-making and the process by which decisions are implemented". Thus governance related to large businesses is called Corporate Governance. Firms are social entities and have certain social obligations. A firm needs coordination between many groups of people known as stakeholders.

Corporate Governance and Agency Problem - Paper Tyari
Most theories of corporate governance use personal self interest as a starting point. Stewardship theory, however, rejects self-interest. Agency theory begins from self-interested behavior and rests on dealing with the cost inherent in separating ownership from control.
