You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

Fahrenheit 451 ends with the war raging through the city and heavy shelling. It will sound awfully, but for such a society the war is actually better than its current state. The powerful negative emotions will destroy the artificial culture that is unable to live by itself and will return humans to their humanity.
