### Language of the Dragon, Vol 1, Online Textbook ...

Dragon Language is a language spoken by Dragons and Dragonlords. The language is based on ancient Greek. This choice was likely due to the fact that many early Greek myths involved huge, winged beasts that spit fire and were dangerous to humans, which is similar to how Dragons are portrayed in European folklore.

### Dragon Language | Merlin Wiki | Fandom

Draconic was the language of dragons. Dragons called their language Glav (meaning "speech/converse"), and it used its own distinct alphabet, called lokharic. Other native speakers included members of draconic-related races, such as kobolds and dragonborn, and members of reptilian races

such as lizardfolk and troglodytes.

### **Draconic language | Forgotten Realms Wiki | Fandom**

The dragon alphabet consists of 34 runes, each made by three or more slashes and dots. The letters are based on the markings a dragon's claws might make in stone. Some letters have exact English equivalents while others are combinations of English letters (such as "aa", "ah", and "ii").
