The software will guide you in bringing your robot to life. Create: Build your robot using the LEGO elements, motors, and intelligent sensors included in the set.

User Guide - Lego

This mindstorms kit had a lot of extra parts. I specifically needed this extra kit for an engineering class but, I think that buying lego technic kits that are similar to the mechanical design of the mindstorms robot you want to build is a better idea. It would be pretty easy to integrate an EV3 brick into most technic kits.

EV3 Parts: Amazon.com
