essential, as they influence each of the 66 RUG-IV categories, just like they did for the groupings under RUG-III.

MDS 3.0 Documentation And RUG-IV - Provider Magazine

RUG-IV is a patient classification system for skilled nursing patients used by the federal government to determine reimbursement levels. This method is stemming from the SNF PPS FY2012 Final Rule and was previously RUG-III. Payment is determined by categorizing patients into groups based on their care and resource needs.
