The prehistory of Ireland, pieced together from archaeological evidence, begins with the first evidence of humans in Ireland around 10,500 BC, and finishes with the start of the historical record around 400 AD. Both of these dates are later than for much of Europe and all of the Near East. The prehistoric period covers the Palaeolithic, Mesolithic, Neolithic, Bronze Age and Iron Age societies of Ireland. For much of Europe, the historical record begins when the Romans invaded; as Ireland was not
